Sir:

The Examiner is thanked for the courtesies extended to Applicant's representative during the personal interview conducted on March 17, 2009. This is submitted in response to the Interview Summary issued March 19, 2009.

During the interview, Applicant's representative discussed independent claim 20, as well as dependent claims 25-31 and 34-36, setting forth in more detail the features thereof which define over the applied prior art references (in particular, Ma, Oghami and Figure 1 of the present application). Applicant's representative also set forth arguments traversing the Examiner's assertion that the features recited in the claims are a rearrangement of parts/reversal of procedure when viewed in light of Figure 1 of the present application together with Oghami. The Examiner indicated that the amendments to the claims

submitted with the Amendment filed on March 9, 2009 appear to obviate the rejection over Ma. The Examiner also indicated that he would reconsider the rejection of the claims over Figure 1 of the present application in view of Oghami based on these amendments to the claims and the discussion thereof during the interview.

Should the Examiner have any questions regarding the above-identified application, the Examiner is invited to contact the undersigned, Joanna K. Mason, at the telephone number listed below.

Please charge any shortage in fees due in connection with the filing of this, concurrent and future replies, including extension of time fees, to Deposit Account 16-0607 and please credit any excess fees to such deposit account.

Respectfully submitted,
